Thanks for having us - it was a great event! The event was very well run and I heard nothing but positive feedback. I also made lots of new contacts/friends, so always a plus.

Oliver Manahan, Director of Engagement and Operations, EMVCo

I find the conference useful and is certainly something that we would like to participate or attend again in future.

Zarifa Izan Zainol Abidin, Director, Payment Services Oversight Department, Bank Negara Malaysia

Back from NGP2023 organized by APSCA at Bank Negara Malaysia. A lot was shared on all payment rails. As always at APSCA you catch-up with industry friends and partners. This event attracted a large crowd, spoke about all the relevant topics while still giving visibility to the usual APSCA members.

Romain Zanolo, Managing Director APAC, IDEMIA

Congratulations for a successful event. It was an interesting set of topics and definitely showcased the next generation of payments.

German S. Constantino Jr., Acting Deputy Director, Payments Policy and Development Department, Bangko Sentral ng Pilipinas

Thank you very much for the invitation! And big congratulations to you and your team on a well-organized conference!

The APSCA Next-Generation Payments 2023 Conference has been an insightful experience! The discussions on digital payments were particularly fascinating, with a focus on cross-border real-time payments (RTP) and sustainable models in the QR scheme and Mobile Wallets.

Kim Onn Chow, Executive, Business Analyst, Hong Leong Bank

It was my pleasure to attend and take part at this event. It was well organised and participants got valuable insights.
